## Dave Filchak Short Bio

- for immediate release

I'm Dave Filchak, a singer/songwriter from Canada. Growing up, I listened to a lot of great artists, from Jimmie Rogers to Led Zeppelin, and my musical tastes are as vast as the open prairies I hail from. I've been writing songs since I was a kid and have witnessed all the big changes in modern music. My music is a unique blend of my many influences, and I write whatever feels right to me. I've released two albums on Paradise Records, an EP on Aquarius/Capitol records, a solo album called Singles on Zuka Music, and numerous singles also under Zuka Music.
